Data sheet

SITOP RED1200/Red.M./DC24/48V/2X10A

SITOP RED1200 redundancy module Input/output: 24/48 V DC/20 A Suitable for decoupling two SITOP power supplies with max. 10 A output current each

input				
type of the power supply network	DC voltage			
supply voltage at DC	12 48 V			
input voltage at DC	10 58 V			
output				
voltage curve at output	Controlled DC voltage			
number of outputs	1			
output voltage at DC rated value	24 V			
formula for output voltage	Vin - approx. 0.6 V			
output voltage				
at output 1 at DC rated value	24 V			
output voltage adjustable	No			
output current				
rated value	20 A			
bridging of equipment	No			
efficiency				
efficiency in percent	97.5 %			
power loss [W]				
 at rated output voltage for rated value of the output current typical 	12 W			
 during no-load operation maximum 	0.1 W			
safety				
galvanic isolation between input and output	No			
operating resource protection class	Class III			
protection class IP	IP20			
EMC				
standard				
• for emitted interference	EN 61000-6-3			
• for interference immunity	EN 61000-6-2			
standards, specifications, approvals				
certificate of suitability				
CE marking	Yes			
UL approval	Yes; cULus-Listed (UL 508, CSA C22.2 No. 107.1), File E197259			
CSA approval	Yes; CSA C22.2 No. 62368-1			
NEC Class 2	No			
MTBF at 40 °C	8 100 000 h			
standards, specifications, approvals hazardous environments				
standards, specifications, approvals hazardous environments certificate of suitability				
	No			

a III baylaa ayyyyyd	No
ULhazloc approval	No
• cCSAus, Class 1, Division 2	No
FM registration	No
standards, specifications, approvals marine classification	
shipbuilding approval	No
Marine classification association	
American Bureau of Shipping Europe Ltd. (ABS)	No
 French marine classification society (BV) 	No
 Det Norske Veritas (DNV) 	No
Lloyds Register of Shipping (LRS)	No
standards, specifications, approvals Environmental Product Do	eclaration
Environmental Product Declaration	Yes
Global Warming Potential [CO2 eq]	
• total	396.8 kg
 during manufacturing 	51.1 kg
during operation	1 051.5 kg
after end of life	0.81 kg
ambient conditions	
ambient temperature	
during operation	-40 +70 °C; with natural convection
during transport	-40 +85 °C
during storage	-40 +85 °C
environmental category according to IEC 60721	Climate class 3K3, 5 95% no condensation
connection method	
type of electrical connection	push-in terminals
• at input	In1, In2: each for 0.2 10 mm ²
at output	Out1: 0.2 10 mm ²
mechanical data	
width × height × depth of the enclosure	35 × 135 × 125 mm
installation width × mounting height	35 mm × 225 mm
required spacing	
• top	45 mm
• bottom	45 mm
● left	0 mm
● right	0 mm
fastening method	Snaps onto DIN rail EN 60715 35x7.5/15
standard rail mounting	Yes
S7 rail mounting	No
wall mounting	No
housing can be lined up	Yes
net weight	0.47 kg

additional information	
other information	Specifications at rated input voltage and ambient temperature +25 °C (unless otherwise specified)
security information	called model of the called a c
security information	Siemens provides products and solutions with industrial cybersecurity functions
Security information	that support the secure operation of plants, systems, machines and networks. In order to protect plants, systems, machines and networks against cyber threats, it is necessary to implement – and continuously maintain – a holistic, state-of-the-art industrial cybersecurity concept. Siemens' products and solutions constitute one element of such a concept. Customers are responsible for preventing unauthorized access to their plants, systems, machines and networks. Such systems, machines and components should only be connected to an enterprise network or the internet if and to the extent such a connection is necessary and only when appropriate security measures (e.g. firewalls and/or network segmentation) are in place. For additional information on industrial cybersecurity measures that may be implemented, please visit www.siemens.com/cybersecurity-industry. Siemens' products and solutions
	, , , , , , , , , , , , , , , , , , , ,

undergo continuous development to make them more secure. Siemens strongly recommends that product updates are applied as soon as they are available and that the latest product versions are used. Use of product versions that are no longer supported, and failure to apply the latest updates may increase customer's exposure to cyber threats. To stay informed about product updates, subscribe to the Siemens Industrial Cybersecurity RSS Feed under https://www.siemens.com/cert. (V4.7)
