

Product type designation

OMC TP11
SIMATIC NET, IE OMC TP11 OPTICAL MEDIA CONVERTER RJ45
ON MULTIMODE FOC (BFOC) WITH 100MBIT UP TO 3 KM,
REDUNDANT 24V DC SUPPLY, SIGNAL CONTACT

Transmission rate	
Transfer rate	100 Mbit/s
Interfaces	
Number of electrical/optical connections / for network components or terminal equipment / maximum	2
Number of electrical connections • for network components or terminal equipment	1
Type of electrical connection • for network components or terminal equipment • for power supply and signaling contact	RJ45 socket (100 Mbit/s, 100BaseTX) for connection of TP cord or TP XP cord up to 6 m cable length 1 x 6-pole plug-in terminal block, screw-contacts
Design of the optical interface • for OMC and OSM TP	2 BFOC-Socket (100 Mbit/s, 100BaseFX) for Multimode (OMC TP11)
Supply voltage, current consumption, power loss	
Supply voltage • external • external	24 V 18 ... 32 V

Type of voltage / of the supply voltage	DC
Consumed current	
• rated value	0.25 A
Power loss [W]	
• at DC / at 24 V	5 W

Permitted ambient conditions

Ambient temperature	
• during operation	60 °C
• during storage	-20 ... +80 °C
• during transport	-20 ... +80 °C
Relative humidity / at 25 °C / without condensation / during operation / maximum	95 %
Protection class IP	IP20

Design, dimensions and weight

Width	54 mm
Height	136.5 mm
Depth	69 mm
Net weight	0.35 kg
Mounting type	
• 35 mm DIN rail mounting	Yes
• screw connection	Yes

Standards, specifications, approvals

Certificate of suitability	
• CE marking	Yes
• C-Tick	Yes

Security information

Siemens provides products and solutions with industrial security functions that support the secure operation of plants, solutions, machines, equipment and/or networks. They are important components in a holistic industrial security concept. With this in mind, Siemens' products and solutions undergo continuous development. Siemens recommends strongly that you regularly check for product updates. For the secure operation of Siemens products and solutions, it is necessary to take suitable preventive action (e.g. cell protection concept) and integrate each component into a holistic, state-of-the-art industrial security concept. Third-party products that may be in use should also be considered. For more information about industrial security, visit <http://www.siemens.com/industrialsecurity>. To stay informed about product updates as they occur, sign up for a product-specific newsletter. For more information, visit <http://support.automation.siemens.com>. (V3.4)
